FISCAL ANALYSIS

ASSUMPTION

Officials from the **Governor's Office, Department of Public Safety - Division of Fire Safety** as well as the **Missouri Highway Patrol** each assume the proposal would not fiscally impact their respective agencies.

In response to a similar proposal from this year (HB 103), officials from the **Department of Transportation** and the **Department of Public Safety - Office of the Director** each assumed the proposal would not fiscally impact their respective agencies.

Officials from the **Office of Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Officials from the **Springfield Police Department** assume the proposal would not create a fiscal impact.

Officials from the **Greene County Sheriff's Office, Kansas City Police Department** and the **St. Louis Metropolitan Police Department** did not respond to our request for fiscal impact.
